## Experience

---

### Tesla, Inc.

May 2017 - Present

*Project Management Intern*

Fremont, CA

- Communicate with cross-functional teams to allow for high-quality department throughput
- Manage multiple JIRA boards, each with over 20 developers contributing, and create user acceptance criteria and use cases for each ticket to ensure business requirements are fulfilled
- Implement Google Analytics for a newly developed ecommerce site, and create dashboards to support and influence business decisions based on user/traffic data
- Design technical documentation during a large-scale technology shift from Drupal to AEM

### Marriott School of Management

Mar 2016 - Apr 2017

*Data Analyst/Developer*

Provo, UT

- Modified and maintained a Python/Django web application used to capture company recruiter information and provide an accommodating recruiting experience at the Marriott School
- Constructed Tableau data visualizations used by a department of 50 to better understand student and recruiter needs, and maintain student job placement of 90-100%
- Coordinated with a team of student analysts to enhance throughput and diminish duplicate work
- Trained non-technical analysts on Tableau and the best practices of data exploration, allowing them to fulfill many of their responsibilities with 100% accuracy, and much higher efficiency
- Documented and maintained data analysis processes for Tableau and SQL to unify the 15 developers and analysts, and encourage long-term investment in Tableau and its continued use

### BYU Office of Information Technology

Oct 2015 - Jan 2016

*Computing Specialist*

Provo, UT

- Provided technical support and training to thousands of students and university affiliates, creating seamless and meaningful integration with users and BYU services
- Monitored critical BYU systems and coordinated with engineers when systems failed to maintain a minimum down-time for all BYU services

## Volunteer

---

### The Church of Jesus Christ of Latter Day Saints

*Volunteer Representative: Manchester England*

- Planned and delivered 20+ weekly lessons on life skills, relationships, & behavioral habits
- Provided weekly service to local families and assisted in community cleanup efforts
