                                                                                    Provo, UT
Bachelor of Science, Information Systems
Minor in Computer Science
- Major GPA: 3.85, total GPA: 3.72
- Clubs: Association for Information Systems, Developer Club, Association for Computing Machinery
- Groups: University String Symphony, University Jazz Lab Band
- Specialized Courses: Database Systems, Enterprise Application Development, Web Programming, Data
  Communication, Business Processes and Controls, Systems Design & Implementation, Data Structures
- Project(s): Used lexical analysis and relational algebra in C++ to construct a relational database and
  an interpreter that was used to evaluate queries.

Experience

Marriott School of Management   Apr 2016 - Present
Data Analyst/Developer   Provo, UT
- Modify and maintain a Python/Django web application used to capture company recruiter
  information and ensure a seamless and accommodating recruiting experience at the Marriott School
- Create interactive Tableau data visualizations and dashboards used by a department of 50 to better
  understand student and recruiter needs, and maintain our student placement of 90-100%
- Train non-technical analysts on Tableau and the best practices of data exploration, allowing them to
  fulfill many of their responsibilities with 100% accuracy, and a much higher efficiency
- Create and maintain data analysis documentation for Tableau and SQL meant to unify the 15 current
  developers and analysts, and encourage long-term investment in Tableau and its continued use

Marriott School of Management   Mar 2016 – Present
Career Specialist   Provo, UT
- Train 300+ Information Systems students on proper resume conventions, negotiating offers, and
  interviewing techniques enabling them to get the job or internship that best fits them
- Compile and present reports to the Information Systems department, and various Deans of the Marriott
  School to boost unity in the goal of placing 100% of students

BYU Office of Information Technology   Oct 2015 - Jan 2016
Computing Specialist   Provo, UT
- Provided technical support and training to thousands of students and university affiliates to ensure
  seamless and meaningful integration with BYU services
- Assisted faculty in the creation and maintenance of online courses, giving them the freedom to
  focus on their course materials rather than technical maintenance
- Monitored critical BYU systems and coordinated with engineers when systems failed in order to
  maintain minimum down-time for all BYU services

Volunteer

The Church of Jesus Christ of Latter Day Saints
Volunteer Representative: Manchester England
- Planned and delivered 20+ weekly lessons on life skills, relationships, & behavioral habits
- Provided weekly service to local families and assisted in community cleanup efforts

Skills and Achievements
